identified application are commonly owned.

Petitioner, however, does not disclaim the terminal part of any patent granted on the instant application prior to the expiration date of the full statutory term, defined in 35 U.S.C. 154 to 156 and 173, of the above-listed said any U.S. Patent issuing from No. 10/600,576 in the event that said any U.S. Patent issuing from No. 10/600,611 expires: for failure to pay a maintenance fee; is held unenforceable; is found invalid; is statutorily disclaimed in whole or terminally disclaimed under 37 CFR 1.321; has all claims cancelled by a reexamination certificate; is reissued; or is otherwise terminated prior to expiration of the above-referred-to full statutory term, except for the separation of legal title as stated above.

This disclaimer is to be binding with respect to any patent granted on the above-identified application, and is binding upon grantees, their successors, or assignees of any interests.

The undersigned is an attorney of record in this application and is empowered to act on behalf of Hitachi, Ltd. for execution and submission of Terminal Disclaimers, in accordance with the provisions of 37 CFR 1.321(b) and (c), effective January 4, 1994.

The undersigned hereby declares that all statements made herein of his knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine, or imprisonment, or both, under Section 1001 of Title 18 of the United States Code

and that such willful false statements may jeopardize the validity of the application or any patent issuing thereon.

Respectfully Submitted,
